### Nail Services (Wales) - non-statutory

Information on the Publishing Authority for this framework:

#### **SkillsActive**

The Apprenticeship sector for occupations in sports coaching, active leisure, hairdressing and beauty (also includes fitness, stewarding, outdoors, playwork and sporting excellence).

Issue number: 1	This framework includes:		
Framework ID: FR00171	Level 2 Level 3		
Date this framework is to be reviewed			
by: 31/08/2014	This framework is for use in: Wales		

### Short description

The Nail Services framework provides a development pathway in Nail Services.

There are two levels of Apprenticeship contained in this framework:

### Foundation Apprenticeship

Usually takes 18 months to complete. A learner may work as a junior nail technician or junior manicurist.

### **Apprenticeship**

Usually takes 24 months to complete. A learner may work as a nail technician and will be able

to offer a full range of nail extensions and develop specialist skills in all aspects of creative nail art, including air brushing.

Their careers may take place in a variety of locations including working in nail salons, beauty salons, hair salons, spas, health clubs, hospitals, care homes, as well as working freelance.

### Purpose of this framework

### Summary of the purpose of the framework

With an increasing number of young people staying on at school, the Nail Services framework provides quality alternatives leading to the achievement of the Level 2 and/or Level 3 NVQ Diploma.

In the UK there are 4,800 beauty salons, 1,350 of which are based in Wales, 36,000 hairdressing salons (5,800 of which offer beauty therapy treatments, for example, those that are in hotels and leisure centres). There has been significant growth in the number of independent nail salons and spa facilities, also in the number of existing beauty therapy salons now offering an extended range of services including nail services and spa facilities.

Learners completing an Apprenticeship will have the opportunity to fulfil the role of a nail technician. Their careers may take place in a variety of locations other than specialist nail salons including within hospitals, care homes, beauty salons, nail bars, spas and health clubs, both in this country and abroad.

The Level 3 NVQ Diploma in Nail Services provides progression from the Level 2 NVQ Diploma in Nail Services or Beauty Therapy and the opportunity to select a discrete development pathway for the nail services industry.

It is expected that the Foundation Apprenticeship in Nail Services will attract 400 apprentices in the UK.

It is expected that the Apprenticeship in Nail Services will attract 100 apprentices in the UK.

### Aims and objectives of this framework (Wales)

#### **AIM**

To provide a nationally agreed apprenticeship framework for a work based learning route into employment in the industry, using qualifications that combine both skills and knowledge which is based on the latest research with employers. There are approximately 11,000 beauty businesses in England and 1,350 in Wales, employing over 33,000 beauty therapists, plus many more freelance operators.

#### **OBJECTIVES**

To provide a structured learning programme that meets the needs of employers and employees. To provide learners with the skills needed to be professional nail technicians, able to offer a wide range of treatments to clients, with a clear understanding of how their

performance is directly related to the success of the business and their own remuneration.

To increase the level of employer involvement in training and development of their staff in readiness for a fall in the number of school leavers which will create the need to recruit from older age groups. More information about sector priorities can be found on the Habia website at www.habia.org under 'Reports and Statistics' and under 'Training and Skills - Sector Qualifications Strategy.'

This framework will contribute to the priorities of the Welsh Assembly Government set out in Skills that Work for Wales (2008), in particular:

### Preparing Young People for the Future by:

- Developing a combination of technical occupational skills and generic work related skills.
- Providing a pathway from school and the Welsh Baccalaureate to employment.
- Requiring apprentices to obtain an understanding of the sector and its career pathways so make informed choices about their future.

### Investing in Apprenticeships by:

- Providing a comprehensive suite of apprenticeship frameworks, of which this is one, covering all the main occupations in the hair and beauty sector, some with a tradition of entry via apprenticeships, such as hairdressing, and some that do not, such as beauty and spa.
- Providing a framework that meets the requirements of the Specification of Apprenticeship Standards for Wales, that can integrate with the Welsh Baccalaureate and help end the separation between
  - vocational and academic qualifications.
- Supporting the implementation of new QCF qualifications included in the framework.

### Getting the basics right by:

• Supporting learners who have not achieved basic skills during their schooling to obtain literacy, numeracy and ICT skills, with Essential Skills Wales accreditation. This will help reduce the 25% of adults in Wales who do not have Level 1 literacy skills and the 53% who do not have Level 1 numeracy skills.

### Entry conditions for this framework

There are no nationally agreed minimum entry or previous entry requirements for this framework but the following criteria may be used as guidance.

Because this industry has high client expectations and relies on repeat business importance is given to:

- Appropriate personal presentation including clothing, nails, hair and personal hygiene.
- Practical, organisational and social skills.
- Attention to detail and cleanliness.
- A good sense of humour/amicable nature and communication skills whether dealing face to face with
  - clients or speaking on the telephone.
- Willingness to work flexible hours/days as agreed in the employment contract.
- A high degree of dexterity and coordination.
- Potential apprentices with a predisposition to certain skin conditions or allergies, such as
  occupational dermatitis, eczema or asthma, need to understand that some of the
  chemicals, liquids and aerosols
  used in nail services may have a significant effect on their health.
- Colour blindness may limit progress in units requiring selection and application of colouring products.

Apprentices must always be interviewed by their potential employer and training provider. They may deem enthusiasm and passion for the subject to be more important than formal qualifications. It is for this reason that the Hair and Beauty Sector has chosen not to be overly prescriptive about entry requirements. The training provider and employer are advised to use a range of initial assessment techniques to identify any additional support needs for the Apprentice from the start of the Apprenticeship. This will ensure that those who begin have the potential to complete the programme.

It is advantageous to have previous experience of working within the nail services industry. Entry to the nail services framework is usually at intermediate level with progression to advanced level. In circumstances where previous qualifications or experience have been gained it is possible to enter at advanced level.

The on and off the job training elements of this framework must either have been received:

Whilst working under an apprenticeship agreement.

or

• During the five years previous to and ending on the date of application for an apprenticeship certificate.

Transition arrangements for Key Skills Levels 1 to 4 in Communication, Application of Number and ICT

Registrations for the above Key Skills qualifications ceased on 31 August 2010. From 1 September 2010 onwards, candidates can only be registered for Essential Skills Wales.

From 1 September 2010, there are two options for Key Skills registered candidates. According to the needs of the candidate/ centre/ awarding body, candidates will:

• Transfer onto Essential Skills Wales.

or

• Continue with their qualifications to an end certification date of 31 August 2011.

### **Awarding Body support for centres**

If candidates are transferring from Key Skills to Essential Skills Wales, Awarding Bodies will facilitate the mapping of any previously completed evidence against the Essential Skills Wales standards.

# Delivery and assessment of employee rights and responsibilities

Evidence of delivery and assessment of Employee Rights and Responsibilities is a mandatory requirement for awarding an apprenticeship framework completion certificate, set down in the SASE and SASW.

In the Hair and Beauty sector there are four ways in which evidence of achievement can be generated:

- Achievement of Habia paper based ERR system with visit to verify delivery.
- Achievement of Habia online ERR system with visit to verify delivery.
- Achievement of a learning provider developed ERR system, endorsed by Habia based on a review of the system and materials, and visit to verify delivery.
- Achievement of an ERR qualification on the Qualification and Credit Framework (QCF)
  provided by an Ofqual approved awarding organisation and approved by Habia as
  covering the nine national ERR outcomes required for the Hair and Beauty sector
  frameworks.

The nine national outcomes of employee rights and responsibilities are:

- 1. Knows and understands the range of employer and employee statutory rights and responsibilities under Employment Law and that employment rights can be affected by other legislation as well. This should cover the apprentice's rights and responsibilities under the Disability Discrimination Act, other relevant equalities legislation and Health and Safety, together with the responsibilities and duties of employers.
- 2. Knows and understands the procedures and documentation in their organisation which recognise and protect their relationship with their employer. Health and Safety and Equality and Diversity training must be an integral part of the apprentice's learning programme.
- Knows and understands the range of sources of information and advice available to them
  on their employment rights and responsibilities. Details of Access to work and Additional
  Learning Support must be included in the programme.
- 4. Understands the role played by their occupation within their organisation and industry.
- 5. Has an informed view of the types of career pathways that are open to them.
- 6. Knows the types of representative bodies and understands their relevance to their industry and organisation, and their main roles and responsibilities.
- 7. Knows where and how to get information and advice on their industry, occupation, training and career.
- 8. Can describe and work within their organisation's principles and codes of practice.
- 9. Recognises and can form a view on issues of public concern that affect their organisation and industry

## How equality and diversity will be met

The Nail Services Apprenticeship will promote diversity, opportunity and inclusion by offering high quality learning.

Delivery of the Apprenticeship Framework must be in an environment free from prejudice and discrimination where all learners can contribute without fear of persecution or bullying.

There must be no overt or covert discriminatory practices in selection and recruitment of Apprentices to the programme. The programme is available to all people, regardless of gender, ethnic origin, religion, belief, sexual orientation or disability who meet the standard selection criteria.

#### Issues:

• The vast majority of nail technicians are female.

#### **Barriers:**

- Stereotyping still exists in the hair and beauty sector, which can limit the number of applications from young males.
- Low initial earning potential for new recruits.
- Misunderstanding of the skills levels required and the complexity of those skills.

#### **Actions:**

 Habia seeks to use as many positive male images in its literature and publications as possible.

### On and off the job training (Wales)

### Summary of on- and off-the-job training

These hours may vary depending on the previous experience and attainment of the apprentice.

Where a learner enters an apprenticeship agreement having previously attained or acquired the appropriate competencies or knowledge, this prior learning needs to be recognised and documented using the relevant QCF credit transfer, QCF exemption or Recognition of Prior Learning (RPL) procedures. The amount of on the job training required to complete the apprenticeship under the apprenticeship agreement may then be reduced accordingly,

provided the total number of on the job hours for this framework can be verified for apprenticeship certification.

Apprentices who commence training under a new apprenticeship agreement with a new employer may bring a range of prior experience with them. When an apprentice can claim 5% or more hours towards the on the job framework total through prior learning acquired from previous full-time education, employment or other vocational programmes, then the apprentice's learning programme should include customisation. Training providers are encouraged to identify additional on the job training programmes that customise the learning to the new workplace. Customisation programmes may include selecting appropriate additional Unit(s) from QCF qualifications, or relevant units recognised as Quality Assured Lifelong Learning [QALL] through a CQFW recognised body, or follow Essential Skills at a level higher than that specified in the framework, include one or more Wider Key Skills or other competency-based qualifications/units relevant to the workplace.

For apprentices who have already achieved the relevant qualifications, they must have been certificated within 5 years from the date of application for the Foundation Apprenticeship Certificate or have been continuously employed in the industry for a minimum duration of 3 years.

Job roles within the nail industry require a thorough level of technical competence and knowledge, which will be undertaken through work-based training, practice and experience.

The number of training hours delivered under an apprenticeship agreement may vary depending on the previous experience and attainment of the apprentice.

The amount of off the job training required to complete the apprenticeship under the apprenticeship agreement may then be reduced accordingly, providing the total number of off the job hours for this framework can be verified for apprenticeship certification.

#### Previous attainment

Where a learner enters an apprenticeship agreement having previously attained parts or all of the relevant qualifications, this prior learning needs to be recognised using either QCF credit transfer for achievements within the QCF or through recording of exemptions for certificated learning outside of the QCF, for example, Principal Learning qualifications.

Apprentices who have already achieved the relevant qualifications must have been certificated within 5 years of applying for the Foundation Apprenticeship Certificate.

#### Previous experience

Where a learner enters an apprenticeship agreement with previous work-related experience, this prior learning needs to be recognised. For further details please see QCF Guidance on Claiming Credit. To count towards apprenticeship certification, previous experience must be

recorded using the appropriate Awarding Organisation's QCF "Recognition of Prior Learning" procedures and the hours recorded may then count towards the off the job hours required to complete the apprenticeship.

For apprentices with prior uncertificated learning experience, the off the job learning must have been acquired within 2 years of application for the Foundation Apprenticeship Certificate or the apprentice must have been continuously employed in the relevant job role in the industry for a minimum duration of 3 years.

The total on and off the job guided learning hours for this framework and pathways within are:

- Nail Services 544 hours for the Foundation Apprenticeship framework
- Nail Services 571 hours for the Apprenticeship framework

### Off-the-job training

Off the job training is defined as time for learning activities away from normal work duties.

For this framework the minimum amount of off the job training is as follows:

- Nail Services 163 hours for the Foundation Apprenticeship framework
- Nail Services 171 hours for the Apprenticeship framework

### How this requirement will be met

Off the job training needs to:

Be planned, reviewed and evaluated jointly between the apprentice and a tutor, teacher, mentor or manager.

- Allow access as and when required by the apprentice either to a tutor, teacher, mentor or manager.
- Be delivered during contracted working hours.
- Be delivered through one or more of the following methods: individual and group teaching, e-learning, distance learning, coaching, mentoring, feedback and assessment, collaborative/networked learning with peers, guided study and induction.

Delivery, assessment and certification of the combined competence/knowledge qualifications taken:

- Level 2 NVQ Diploma in Nail Services
- Level 3 NVQ Diploma in Nail Services

#### Plus

- Essential Skills Wales Application of Number at appropriate level
- Essential Skills Wales Communication at appropriate level
- Essential Skills Wales IT at appropriate level
- Employee Rights and Responsibilities
- Induction
- Training, appraisals and mentoring

### Evidence of off the job Guided Learning Hours:

- · Certificate for combined competence/knowledge qualification
- Certification of Essential Skills Wales Application of Number
- Certification of Essential Skills Wales Communications
- Certification of Essential Skills Wales IT
- Certificate for Employee Rights and Responsibilities

### On-the-job training

On the job training is defined as skills, knowledge and competence gained within normal work duties. For this framework the minumum amount of on-the-job training is as follows:

- Nail Services 381 hours for the Foundation Apprenticeship framework
- Nail Services 400 hours for the Apprenticeship framework

### How this requirement will be met

These records of hours may need to be submitted to the Certifying Authority when applying for an apprenticeship completion certificate.

Delivery and assessment of the combined competence/knowledge qualifications taken:

- Level 2 NVQ Diploma in Nail Services
- Level 3 NVQ Diploma in Nail Services

### Plus

- Employee Rights and Responsibilities
- Induction
- Training, appraisals, mentoring and monitoring

# Wider key skills assessment and recognition (Wales)

### Improving own learning and performance

Improving own learning and performance is an essential skill within our sector and is therefore covered in the NVQ Diploma. It was agreed by employers during consultation that separate certification of Improving own learning and performance was not directly relevant to effective performance within the Hair and Beauty Sector, therefore it is not included in this framework.

However, Habia would encourage Training Providers to consider the value added element of delivery within the framework.

### Working with others

Working with others is an essential skill within our sector and is therefore covered in the NVQ Diploma. It was agreed by employers during consultation that separate certification of Working with others was not directly relevant to effective performance within the Hair and Beauty Sector, therefore it is not included in this framework.

However, Habia would encourage Training Providers to consider the value added element of delivery within the framework.

### Problem solving

Problem solving is an essential skill within our sector and is therefore covered in the NVQ Diploma. It was agreed by employers during consultation that separate certification of Problem solving was not directly relevant to effective performance within the Hair and Beauty Sector, therefore it is not included in this framework.

However, Habia would encourage Training Providers to consider the value added element of delivery within the framework.

## Additional employer requirements

There are no additional employer requirements for this framework.
