Purpose of this framework

Summary of the purpose of the framework

This framework provides a nationally agreed apprenticeship framework for a work based learning route into employment for the barbering industry, using qualifications that combine both skills and knowledge.

Barbering has a unique position within the hair and beauty sector, as it combines traditional skills such as scissors over comb and shaving with new specialist techniques such as 2D and 3D sculpting. The 'unisex era' saw many traditional barbers retiring from the industry and a consequent loss of skills. The recognition of specific barbering skills is reflected in this framework and is part of the strategy to strengthen and retain traditional skills while also addressing the skills gaps where client demand requires new techniques.

Barbering services are increasingly in demand from men who are interested in personal well being and grooming. This is a reflection of changing social patterns. The mens grooming market has been growing annually for more than a decade. Further growth is expected in the services required in both specialist barber shops and in general hairdressing salons which want to better reflect the expectations of male clients.

The increase in demand for barbering services by a new generation reflects further social changes, including a greater need to provide African Caribbean barbering skills. This is not confined to the African Caribbean community and people of mixed race, but to a wider society increasingly influenced by African Caribbean fashions, styles and music.

Learners completing an apprenticeship will undertake roles such as:

- Junior Barber (Foundation Apprenticeship)
- Barber or Senior Barber (Apprenticeship)

Careers may take place in a variety of locations including working in barber shops, hairdressing salons, spas, hospitals, care homes, prisons, department stores, hotels, airlines and holiday resorts.

Aims and objectives of this framework (Wales)

AIM

To provide a nationally agreed apprenticeship framework for a work based learning route to employment in the industry using qualifications that combine both skills and knowledge which is based on the latest research from employers. There are approximately 2,967 specialist

barbering businesses in the UK employing over 5,300 barbers, over 210 of these barbering businesses are based in Wales . This is in addition to the 36,000 hair salons who offer services to men and women.

OBJECTIVES

- To provide a structured learning programme that meets the needs of employers and employees.
- To provide learners with the skills needed to be a professional barber, able to offer a wide range of treatments to clients, with a clear understanding of how their performance is directly related to the success of the business and their own remuneration.
- To increase the level of employer involvement in training and development of staff in readiness for a fall in the number of school leavers which will create the need to recruit from older age groups.

More information about sector priorities can be found on the Habia website at www.habia.org under 'Reports and Statistics' and under 'Training and Skills – Sector Qualifications Strategy.'

This framework will contribute to the priorities of the Welsh Assembly Government set out in Skills that Work for Wales (2008) in particular:

Preparing Young People for the Future by:

- Developing a combination of technical occupational skills and generic work related skills.
- Providing a pathway from school and the Welsh Baccalaureate to employment.
- Requiring apprentices to obtain an understanding of the sector and its career pathways so they can make informed choices about their future.

Investing in Apprenticeships by:

- Providing a comprehensive suite of apprenticeship frameworks, of which this is one, covering all of the main occupations in the hair and beauty sector, some with a tradition of entry via apprenticeships, such as hairdressing, and some that do not, such as beauty and spa.
- Providing a framework that meets the requirements of the Specification of Apprenticeship Standards for Wales, that can integrate with the Welsh Baccalaureate and help end the separation between vocational and academic qualifications.
- Supporting the implementation of new QCF qualifications included in the framework.

Getting the basics right by:

- Supporting learners, who have not achieved basic skills during their schooling to obtain literacy, numeracy and ICT skills with Essential Skills Wales accreditation. This will help reduce the 25% of adults in Wales who do not have Level 1 literacy skills and the 53% who do not have Level 1 numeracy skills.

Entry conditions for this framework

There are no nationally agreed minimum entry or previous experience requirements for this framework but the following selection criteria may be used as guidance.

Because the industry has high client expectations and relies on repeat business importance is given to:

- Appropriate personal presentation including clothing, hair and personal hygiene.
- Practical, organisational and social skills.
- Attention to detail and cleanliness.
- A good sense of humour/amicable nature and communication skills whether dealing face to face with clients or speaking on the telephone.
- Willingness to work flexible hours/days as agreed in the employment contract.
- A high degree of dexterity and coordination.
- Potential apprentices with a predisposition to certain skin conditions or allergies, such as occupational dermatitis, eczema or asthma, need to understand that some of the chemicals, liquids and aerosols used in barbering may have a significant effect on their health condition.
- Colour blindness would restrict opportunities in the wide use of artificial colouring products and services in the industry. Units relating to colouring hair must require the ability to recognise very subtle tones, shades and changes in a range of colours to ensure the safe and effective use of the chemicals used on hair.

Apprentices must always be interviewed by their potential employer and training provider. They may deem enthusiasm and passion for the subject to be more important than formal qualifications. It is for this reason that the Hair and Beauty Sector have chosen not to be overly prescriptive about entry requirements.

The training provider and employer are advised to use a range of initial assessment techniques to identify any support needs for the Apprentice from the start of the Apprenticeship. This will ensure that those who begin, have the potential to complete the programme. It is advantageous to have had previous experience of working within the barbering or hairdressing industry.

Entry to the barbering framework is usually at Foundation Apprenticeship level with progression to Apprenticeship level. In circumstances where previous qualifications or experience have been gained, it is possible to enter at Apprenticeship level.

The on and off the job training elements of this framework must either have been received:

- Whilst working under an apprenticeship agreement.

or

- During the five years previous to and ending on the date of application for an apprenticeship certificate.

Progression routes into and from this pathway

Progression into:

- From a preparation for work, non-competency based qualification in barbering or hairdressing
- From the Welsh Baccalaureate Principal Learning in Hair and Beauty Studies.
- Following a Level 1 Barbering or Hairdressing programme.
- Direct entry from school or college.
- Direct entry from another occupation.

Progression from:

- To the Advanced Level Welsh Baccalaureate Principal Learning in Hair and Beauty Studies.
- To the Level 3 Barbering or Hairdressing apprenticeship.
- Into employment as a junior barber or other job roles in the barbering related industries.

Employee rights and responsibilities

In the Hair and Beauty sector evidence of delivery of Employee Rights and Responsibilities (ERR) is a mandatory required for a framework completion certificate.

This may be evidenced either through:

- an appropriate Awarding Organisation ERR qualification. Four qualifications have been approved and accredited to date, these are;
 1. Edexcel Level 2 Award in WorkSkills for Effective Learning and Employment 501/1793/2
 2. VTCT Level 2 Award in Employment Awareness in the Hair and Beauty Sector 600/1762/4
 3. City and Guilds Level 2 Award in Employment and Personal Learning at Work 600/2831/2
 4. ITEC Level 2 Award in Employment Awareness in the Hair and Beauty Sector 600/2308/9
- an in house system, such as a workbook, portfolio or online system, that meets the minimum evidence requirements, or
- an externally provided system, such as a workbook, portfolio or online system that meets the minimum evidence requirements
- Habia's ERR workbook.

The evidence requirement to demonstrate satisfactory completion of the ERR is:

- a completion certificate from an Awarding Organisation, or
- for an in house or externally provided system, completion of the Apprentice Declaration & Authorisation Form is required. It is not necessary to send the workbook or portfolio at certification, though this should be retained by the provider for audit purposes.

Apprenticeship Certificates are claimed through Apprenticeship Certificates Wales (ACW). For further information about certification requirements visit: acwcerts.co.uk/web/

The course of training in ERR must align to the nine national outcomes which are set out in the Specification of Apprenticeship Standards for Wales (SASW).

Health and Safety is embedded within the technical units in the NVQ Diploma. The other requirements will be covered primarily at induction, with the remaining aspects delivered at appropriate times during the Apprenticeship programme.

Employee rights and responsibilities

In the Hair and Beauty sector evidence of delivery of Employee Rights and Responsibilities (ERR) is a mandatory required for a framework completion certificate.

This may be evidenced either through:

- an appropriate Awarding Organisation ERR qualification. Four qualifications have been approved and accredited to date, these are;
 1. Edexcel Level 2 Award in WorkSkills for Effective Learning and Employment 501/1793/2
 2. VTCT Level 2 Award in Employment Awareness in the Hair and Beauty Sector 600/1762/4
 3. City and Guilds Level 2 Award in Employment and Personal Learning at Work 600/2831/2
 4. ITEC Level 2 Award in Employment Awareness in the Hair and Beauty Sector 600/2308/9
- an in house system, such as a workbook, portfolio or online system, that meets the minimum evidence requirements, or
- an externally provided system, such as a workbook, portfolio or online system that meets the minimum evidence requirements
- Habia's ERR workbook.

The evidence requirement to demonstrate satisfactory completion of the ERR is:

- a completion certificate from an Awarding Organisation, or
- for an in house or externally provided system, completion of the Apprentice Declaration & Authorisation Form is required. It is not necessary to send the workbook or portfolio at certification, though this should be retained by the provider for audit purposes.

Apprenticeship Certificates are claimed through Apprenticeship Certificates Wales (ACW). For further information about certification requirements visit: acwcerts.co.uk/web/

The course of training in ERR must align to the nine national outcomes which are set out in the Specification of Apprenticeship Standards for Wales (SASW).

Health and Safety is embedded within the technical units in the NVQ Diploma. The other requirements will be covered primarily at induction, with the remaining aspects delivered at appropriate times during the Apprenticeship programme.

The remaining sections apply to all levels and pathways within this framework.

How equality and diversity will be met

The Barbering Apprenticeship will promote diversity, opportunity and inclusion by offering high quality learning.

Delivery of the Apprenticeship Framework must be in an environment free from prejudice and discrimination where all learners can contribute without fear of persecution or bullying.

There must be no overt or covert discriminatory practices in selection and recruitment of Apprentices to the programme. The programme is available to all people, regardless of gender, ethnic origin, religion, belief, sexual orientation or disability who meet the standard selection criteria.

Issues:

- Limited availability of teaching and assessment of specific African type hair skills.
- Retirement of barbers with traditional range of skills means new recruits are using general or ladies techniques on men's hair.

Barriers:

- Stereotyping still exists in the hair and beauty sector, which can limit the number of applications from young males.
- Specialist African Caribbean barbering salons tend to be located within a small number of cities across the UK.
- Low initial earning potential for new recruits.
- Misunderstanding of the skills levels required and the complexity of those skills.

Actions:

- Habia seeks to use as many positive male images in its literature and publications as possible.
- Development of African type hair standards and frameworks.
- Promotion of barbering, men's grooming and positive male role models via the Habia Skills Team.
- Specific National Occupational Standards and Rules of Combination have been developed for Barbering and Barbering African Type Hair with industry and Awarding Organisations (AOs).

On and off the job training (Wales)

Summary of on- and off-the-job training

These hours may vary depending on previous experience and attainment of the apprentice. Where a learner enters an apprenticeship agreement having previously attained or acquired the appropriate competencies or knowledge, this prior learning needs to be recognised and documented using the relevant QCF credit transfer, QCF exemption or Recognition of Prior Learning (RPL) procedures (as off the job above). The amount of on the job training required to complete the apprenticeship under the apprenticeship agreement may then be reduced accordingly, provided the total number of on the job hours for this framework can be verified for apprenticeship certification.

Apprentices who commence training under a new apprenticeship agreement with a new employer may bring a range of prior experience with them. When an apprentice can claim 5% or more hours towards the on the job framework total through prior learning acquired from previous full-time education, employment or other vocational programmes, then the apprentice's learning programme should include customisation. Training providers are encouraged to identify additional on the job training programmes that customise the learning to the new workplace. Customisation programmes may include selecting appropriate additional Unit(s) from QCF qualifications, or relevant units recognised as Quality Assured Lifelong Learning [QALL] through a CQFW recognised body, or follow Essential Skills at a level higher than that specified in the framework, include one or more Wider Key Skills or other competency-based qualifications/units relevant to the workplace.

For apprentices who have already achieved the relevant qualifications, they must have been certificated within 5 years from the date of application for the Foundation Apprenticeship Certificate or have been continuously employed in the industry for a minimum duration of 3 years.

Job roles within Barbering and Barbering African Type hair require a thorough level of technical competence and knowledge, which will be undertaken through work-based training, practice and experience.

The number of training hours delivered under an apprenticeship agreement may vary depending on the previous experience and attainment of the apprentice.

The amount of off the job training required to complete the apprenticeship under the apprenticeship agreement may then be reduced accordingly, providing the total number of off the job hours for this framework can be verified for apprenticeship certification.

Previous attainment

Where a learner enters an apprenticeship agreement having previously attained parts or all of the relevant qualifications, this prior learning needs to be recognised using either QCF credit transfer for achievements within the QCF or through recording of exemptions for certificated learning outside of the QCF, for example, Principal Learning qualifications.

Apprentices who have already achieved the relevant qualifications must have been certificated within 5 years of applying for the Foundation Apprenticeship Certificate.

Previous experience

Where a learner enters an apprenticeship agreement with previous work-related experience, this prior learning needs to be recognised. For further details please see QCF Guidance on Claiming Credit. To count towards apprenticeship certification, previous experience must be recorded using the appropriate Awarding Organisation's QCF "Recognition of Prior Learning" procedures and the hours recorded may then count towards the off the job hours required to complete the apprenticeship.

For apprentices with prior uncertificated learning experience, the off the job learning must have been acquired within 2 years of application for the Foundation Apprenticeship Certificate or the apprentice must have been continuously employed in the relevant job role in the industry for a minimum duration of 3 years.

Improving own learning and performance

Improving own learning and performance is an essential skill within our sector and is therefore covered in the NVQ Diploma. It was agreed by employers during consultation that separate certification of Improving own learning and performance was not directly relevant to effective performance within the Hair and Beauty Sector therefore is not included in this framework.

However, Habia would encourage Training Providers to consider the value added element of delivery within the framework.
