LEARNING PROGRAMME CONTENT

The Learning Programme provision shall comprise of three mandatory elements:

- Qualifications,
- Essential Skills
- On/off the job training

The total minimum credit value required for the Level 2 Diploma in hair Professional route 2 Barbering is 52 credits.

The total minimum credit value required for the Level 3 Advanced and Creative Hairdressing is 54 credits.

ENTRY REQUIREMENTS

Level 2 Barbering and Level 3 Barbering

There are no nationally agreed minimum entry requirements or previous experience requirements, but the following selection criteria may be used as guidance.

Because the industry has high client expectations and relies on repeat business, importance is given to:

- Appropriate personal presentation including clothing, hair, and personal hygiene.
- Practical, organisational, and social skills.
- Attention to detail and cleanliness.
- An empathetic and amicable nature with effective communication skills
- Willingness to work flexible hours/days as agreed in the employment contract.
- A high degree of dexterity and coordination.
- Potential apprentices with a predisposition to certain skin conditions or allergies, such as occupational dermatitis, eczema, or asthma, need to understand that some of the chemicals, liquids, and aerosols used in hairdressing may have significant effects on their health.
- Colour blindness would restrict opportunities in the wide use of artificial colouring products and services in the industry. Units relating to colouring hair require the ability to recognise very subtle tones, shades, and changes in a range of colours to ensure the safe and effective use of the chemicals used on hair.

Apprentices must always be interviewed by their potential employer and training provider. They may deem enthusiasm and passion for the subject to be more important than formal qualifications. It is for this reason that the Hair, Barbering and Beauty Sector (HBB) have chosen not to be overly prescriptive about entry requirements.

The training provider and employer are advised to use a range of initial assessment techniques to identify any support needs for the Apprentice from the start of the apprenticeship. This will ensure that those who begin, have the potential to complete the programme. It is advantageous to have had

previous experience of working within the barbering or hairdressing industry. Entry to the barbering framework is usually at Foundation Apprenticeship level with progression to Apprenticeship level. In circumstances where previous qualifications or experience have been gained, it is possible to enter at Apprenticeship level.

Level 2 Barbering Entry requirements

It is advantageous to have three GCSEs Grade 3 (D) or above in English and/or Welsh, Maths, Science or Art or, a Level 1 qualification.

Level 3 Barbering Entry requirements

Vocational experience at level 2 and appropriate commercial experience

EQUALITY & DIVERSITY

It is important that apprenticeship pathways are inclusive and can demonstrate an active approach to identifying and removing barriers to entry and progression. Pathways should advance equality of opportunity between persons who share protected characteristics and those persons who do not as identified in the Equality Act 2010.

The protected characteristics identified in the Equality Act are age, disability, gender re-assignment, race, religion or belief, sex, sexual orientation, pregnancy, and maternity. Marriage and civil partnership are also included although only in respect of the requirement to eliminate discrimination in employment.

Training providers and employers MUST also comply with the other duty under the Equality Act 2010 to ensure that applicants are not discriminated against in terms of entry to the industry based upon those nine protected characteristics.

How Equality and Diversity will be met:

Apprenticeships in our sector aim to promote diversity, equal opportunity, and inclusion by offering a high-quality learning experience.

The delivery of this programme must be in a setting free from prejudice and discrimination where all learners can contribute fully and freely and feel valued.

Employers/providers must be able to demonstrate their selection, recruitment and employment practices are in line with the Equality Act 2010 and there are no overt or covert discriminatory practices in relation to any of the following protected characteristics: age; disability; gender reassignment; marriage and civil partnerships; pregnancy and maternity; race; religion or belief; sex; sexual orientation; and socio-economic disadvantage.

Issues/Barriers

- Limited availability within the teaching and assessment opportunities for all curl classifications and types of hair

Actions

Habia have recently (2021) reviewed the National Occupational Standards and includes:

- The merging of all hair and skin classifications and techniques to fill skills gaps and improve service delivery
- Embedding of hair curl classifications and characteristics to ensure all hair types are covered
- Consideration of each NOS as a 'function' and can be applied to all gender identities
- Smoothing/relaxing/adding hair treatments are changed to all hair types, not just aimed at curl or very curly classifications
- Cutting NOS is for all hair types and classifications
- Combined Hairdressing and Barbering techniques, to ensure inclusivity for all individuals i.e., undercut, fades, long hair work.

EMPLOYMENT RESPONSIBILITIES AND RIGHTS (ERR)

Employment Responsibilities and Rights (ERR) is no longer compulsory. But it is recommended that all apprentices (especially the 16 years -18-year group) receive a company induction programme.

RESPONSIBILITIES

It is the responsibility of the Training Provider and Employer to ensure that the requirements of this pathway is delivered in accordance with the Welsh Government Apprenticeships Guidance.
